

AT THE 'VILLE.

The Gentlemen Entertained.

Webb's Hotel was the scene of an extremely pleasant gathering Thursday evening when the Lyndon Woman's Club gave its annual "Gentlemen's Night." Nearly the entire membership of the club accompanied by their husbands and gentlemen friends were present. The receiving party consisting of Mrs. Anna Pearl, president of the club, State President, Miss Helen Wallis Smith of White River Junction, Mrs. G. M. Campbell, Mrs. E. A. Shorey, Miss Inez Vail and Mrs. W. S. Jeffers received the guests who were presented by the ushers Mrs. C. B. Dodge and Miss Glenn E. Leach. After the reception the company repaired to the dining room, where a course dinner was served. This dinner can best be described by the term elegant. It reflected great credit in two directions, first upon the ladies of the club for demanding such a spread, and then upon Landlord Webb for his ability to supply and serve so elaborate a repast in a first class manner. The central table at which the speakers of the evening and the club officers sat was beautifully decorated with flowers and there was a carpet of flowers on the floor. The Rev. J. C. Bodwell acted as toastmaster at the post-prandial exercises. Rev. J. C. Bodwell responded to the toast "The Roses of Life" and in a very graceful speech told what the ladies had accomplished in the way of beautifying the town in the past, and hinted at a line of work for the future. Miss Helen Winslow Smith spoke for the State Federation of Women's Clubs, dwelling at some length upon a recent meeting of the Daughters of Vermont in Boston. Homer C. Wilson, with Miss Gracia Balch as accompanist rendered two solos in a pleasing manner, and as a finale the company sang "America."

Parker's Store Burglarized.

Wednesday evening of last week burglars took advantage of the only night for several months when the lights were out, to enter H. L. Parker's store. Thursday morning Mr. Parker found his window raised and the rear door open. On examination he failed to find a case of gold watches which had been there the night before, and several other smaller articles.

The Dinner Pail

Of the American working man is generally well filled. In some cases it is too well filled. It contains too many kinds of food, and very often the food is of the wrong kind—hard to digest and containing little nutrition. As a consequence many a working man develops some form of stomach trouble which interferes with his health and reduces his working capacity.

Where there is indigestion or any other indication of disease of the stomach and its allied organs of digestion and nutrition, the use of Dr. Pierce's Golden Medical Discovery will almost invariably produce a perfect and permanent cure.

Mr. Thomas A. Swartz of Sub Station C, Columbus, O., Box 107, writes: "I was taken with severe headache, then cramps in the stomach, and my food would not digest, then kidney and liver trouble and my back got weak so I could scarcely get around. At last I had all the complaints at once. The more I doctored the worse I got until six years passed. I had become so poorly I could only walk in the house by the aid of a chair, and I got so thin I had grown up to die, thinking that I could not be cured. Then one of my neighbors said, 'Take my advice and take Dr. Pierce's Golden Medical Discovery and make a new man out of yourself.' The first bottle helped me so I thought I would get another, and after I had taken eight bottles in about six weeks, I was weighed, and found I had gained twenty-seven (27) pounds. I am as stout and healthy to-day, I think, as I ever was."

FREE. Dr. Pierce's Common Sense Medical Adviser, paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.
